

## WiFi6 USB Wireless Adapter

**CF-955AX**

|                        |                                                                                |
|------------------------|--------------------------------------------------------------------------------|
| Hardware Specification | RTL8832AU, Built-in PA                                                         |
| Wireless standard      | IEEE802.11a/b/g/n/ac/ax                                                        |
| Application            | Desktop/notebook                                                               |
| USB                    | USB3.0 compatible with USB2.0                                                  |
| Wireless Rate          | 2.4GHz : 600Mbps ; 5.8GHz: 1201Mbps                                            |
| Antenna                | 2*3dBi                                                                         |
| Encryption             | WPA2*; WPA3*                                                                   |
| Support OS             | Windows 7(32/64bit), Windows 10(32/64bit), Windows 11(64bit) , Linux , Android |
| Dimension              | 137(L)*42(H)*12(W)mm                                                           |
| Indicator light        | Working status indicator                                                       |
| Working Environment    | Working Temperature: 0°C~40°C                                                  |
|                        | Storage Temperature: -40°C~70°C                                                |
|                        | Working Humidity: 10%~90%RH Non-condensing                                     |
|                        | Storage Humidity: 5%~90%RH Non-condensing                                      |
