|---------------------|-------------------------------------------------------|
| Chipset             | MT7628DAN+MT7612E                                     |
| RAM                 | RAM 64MB;FLASH 8MB                                    |
| Antenna             | 2*3dBi Dual band Antennas                             |
| Wireless Standard   | IEEE802.11ac/a/b/g/n                                  |
| Transmission Rate   | 11b: 1/2/5.5/11Mbps                                   |
|                     | 11g: 6/9/12/18/24/36/48/54Mbps                        |
|                     | 11n: 300Mbps                                          |
|                     | 11ac: 867Mbps                                         |
| RF Parameters       | Output Power (Max): 80mW(19dBm)                       |
|                     | Receiver Sensitivity (Min): -96dBm                    |
|                     | Frequency: 2.412~2.472GHz 5.180~5.825GHz              |
| Button              | 1*WPS Button<br>1*RST Button<br>1*Power toggle switch |
| Indicator           | Power, WPS, Signal light (red and blue)               |
| Power               | 100~240V,50/60Hz                                      |
| Bandwidth           | 20/40/80 MHz Auto                                     |
| Encryption          | WPA-PSK / WPA2-PSK / WPA / WPA2                       |
| Working Mode        | Repeater Mode                                         |
| Other               | EU/US/UK                                              |
| Case                | Plastic Case (ABS Material)                           |
| Physical Features   | Size: 126*50*35mm                                     |
| Working Environment | Working Temperature: 0 C°~40C °                       |
|                     | Storage Temperature: -40°C~70°C                       |
|                     | Working Humidity: 10%~90%RH Non-condensing            |
|                     | Storage Humidity: 5%~90%RH Non-condensing             |
